OUR SERVICES

Monthly Meeting with Learning

We meet the second Thursday morning of every month for an educational workshop or presentation, current business and the occasional member spotlight.

Special Interests Group Meetings

We connect over everything from retirement planning to technology. We also have a coffee club. No pressure. Simply sip, listen, learn, share, and enjoy member company.

Active Enhanced Business Exposure

Every event (exclusive or public), LinkedIn post, social media share, book collaboration, and website listing, enhances exposure for every member's consulting business.

Other Members-Only Gatherings

Our productive meetings and caring connections make incredible things happen (such as collaborating on and publishing a book). Team work, dream work, repeat!

RESULTS

We published a book as a team! Check out, "We Wish We Had Known." 30 of our members each wrote a chapter to help other business owners take advantage of our hard-earned wisdom. We had so much fun and success, we just might write another one, too!

PAIN FREE

Your business membership group doesn't have to hurt like a poorly planned fitness routine or a rigid diet. We believe in healthy collaboration that nurtures the members with caring connections and enriching workshops.
